What you like in the students:

Good in communication, Energetic, Passionate, Disciplined.

Your valuable Suggestion for further improvement (If Any):

For mid level companies college management should help in visibility criteria like, someone selected in one company will not be allowed to seat in another drive

Feel free to add any other comments or Feedback:

- * Respect company policies, which helps in future relations
- * If something is not clear, we should have to discuss or clear before actual drive
- * Create/Make drive policy, for selected students like once selected, won't be able to seat in another drive. It will increase ratio of selection and build good relation with companies.
